ABOUT

Hubert H. Humphrey Fellowship Program

The Hubert H. Humphrey Fellowship Program, a Fulbright exchange, enhances leadership among international professionals who collaborate to address local and global challenges and foster change for the collective good. Through academic study and professional development with U.S. counterparts, this growing global network shares best practices and builds expertise in fields of critical importance to advance societal and institutional capacity, promote human rights and freedoms, ensure sustainable environments, and develop thriving communities.

Humphrey Alumni Global Policy Series

In anticipation of the Humphrey Fellowship Program's 45th Anniversary in 2023-2024, the Humphrey Fellowship launched the Humphrey Alumni Global Policy Series. This policy series is convening Humphrey alumni across world regions to address crucial global concerns and challenges at the national, regional, and local levels.

The first Humphrey Global Policy Dialogue in Brazil will take place in **Brasília**, from **August 18-19**, gathering Humphrey fellows to discuss some of the most critical challenges in the country on public health, climate change, preventing and combating corruption, human rights and other critical issues. This event will include roundtable dialogues, engagement with key stakeholders, and collaborative networking.
