Humphrey Alumni Global Policy Series

The Hubert H. Humphrey Fellowship Program, a Fulbright exchange, enhances leadership among international professionals who collaborate to address local and global challenges and foster change for the collective good. Through academic study and professional development with U.S. counterparts, this growing global network shares best practices and builds expertise in fields of critical importance to advance societal and institutional capacity, promote human rights and freedoms, ensure sustainable environments, and develop thriving communities.

In anticipation of the Humphrey Fellowship Program's **45th Anniversary** in 2023-2024, the Humphrey Fellowship Program is launching the **Humphrey Alumni Global Policy Series**. This policy series will convene Humphrey alumni across world regions to address crucial global concerns and challenges at the national, regional, and local levels.

To join the celebration honoring 45 years of the Humphrey Fellowship Program, we encourage you to carry out the following main objectives:

1. Promote the Humphrey Alumni Global Policy Series as an opportunity for Humphrey alumni to collaborate through experiences that feature professional development, roundtable dialogues, engagement with key stakeholders, community service-learning activities, and networking.

2. Illustrate the program's positive impact on individuals, institutions, and communities in your region.
